

The „special function“:

All MP and WH series wiring kits are equipped with special function, suitable for the new Mercedes' low voltage:

✓ brake light

✓ turn indicators

✓ fog light

Examples:

MERCEDES A CLASS W176
MERCEDES C CLASS W205
MERCEDES GLC X253 C253
MERCEDES B CLASS W246
MERCEDES E CLASS W213
MERCEDES GLE W116 C292

This function cover all existing and new incoming cars, making the WH wiring kits:

- Suitable for >99.5% of all cars in the market
- Universal, no need to stock several "dedicated" wiring kits
